JOHNSON WINS MINNESOTA SENATORSHIP

PRACTICAL FARMER AND CANDIDATE OF FARMER-LABORITES

Johnson's Plurality Over 40,000 at Midnight—Expresses Jubilation When Informed of Outcome—Will Return Now to Farm and Help Finish Harvest—Preus Thanks Aids

(By The Associated Press)
ST. PAUL, Minn., July 16.—Magnus Johnson, a practical farmer of Kimball, Minn., today was elected United States senator from Minnesota in succession to the late Knute Nelson. Johnson is a Farmer-Laborite and a follower of Robert M. LaFollette.
Johnson's plurality probably will exceed 40,000, returns at midnight indicated, with Governor J. A. O. Preus, Republican, in second place, and James A. Carley, Democrat, trailing far behind. Preus had announced his intention to support the Harding administration.
When 1,640 of the state's 3,520 precincts had reported, count standing:
Johnson.....161,503
Preus.....136,739
Carley.....11,424

ENTOMBED MINER DISCOVERED AFTER FOUR DAYS SEARCH

Result of Explosion in Wasson Coal Mine Recently

(By The Associated Press)
HARRISBURG, Ill., July 16.—After a search of nearly four days and three nights the body of James Greer, coal miner entombed in the Wasson coal company's No. 1 mine near here as the result of an explosion was found late this afternoon about six feet from the spot where his co-worker, Steve Ego, had been picked up dead last Thursday morning.
Greer's body had been badly burned. The rescue men were about to give up the search for the day when one suggested a more thorough search be made of the spot where Ego had been found.
R. M. Medill, state director of mines and minerals arrived here Sunday and took personal charge of the search. The cause of the explosion has not been determined and probably will never be known in the opinion of experienced coal miners.

NEAR EAST READY FOR SIGNATURE OF PEACE

(By The Associated Press)
LAUSANNE, July 16.—The allies and Turks have reached complete agreement on all the remaining points.
LAUSANNE, July 16.—An agreement was reached late tonight on all the outstanding difficulties in the Near East conference and nothing remains in the way of signature of peace.
Ismet Pasha, head of the Turkish delegation and the allied delegates discussed for several hours the questions of concession and evacuation by foreign troops of Turkish soil and when at 11 o'clock the sessions were resumed the atmosphere was electrical, recalling the night of February 4, when Lord Curzon, in accordance with his ultimatum left for London and the first peace conference collapsed.
The delegates representing the great powers prepared bravely to encounter the Turkish when they met the second time. One of them summarized the situation in his remark, "Little by little by terrible tenacity these Turks get more of us and now they have reopened things we dreamed were already settled. We will try to end it tonight, but who can tell?"

RELEASE YOUTHS HELD IN MURDER INQUEST

(By The Associated Press)
JOIET, Ill., July 16.—Charles Wright and Carl Blisland, who have been held in connection with the murder of Frank Muren, Rockdale youth a week ago, were released by Sheriff John D. Walker today.

ALASKANS TELL HARDING THEIR GREAT DESIRES

Chief Executive's Invitation Accepted with Alacrity

(By The Associated Press)
JUNEAU, Alaska, July 10.—Alaskans have shown no hesitation on their part when invited by President Harding to tell him of their problems and the recommendations they desired to offer in order to bring the people of the great territory into closer touch with the federal government in Washington.
The first landing of the chief executive in Metlakatla resulted in the filing by the Indian natives asking extended fishing privileges and the second stop, made on the same day at Ketchikan, brought the presentation by the people of that city of a printed pamphlet outlining in detail a variety of situations which the pamphlet said needed attention from Washington.

Alaska's Development

Development of the natural resources of Alaska was among the recommendations made by the citizens of Ketchikan.
"There is no doubt that the results of such development," the pamphlet said, "will then be immigration of a character which will fit into the scheme of affairs."
The pamphlet added that if the Washington government gave proper aid and protection to those who are now engaged in the numerous industries, the immigration and colonization questions will "settle themselves."
Visit to Ketchikan
One feature of President Harding's visit to Ketchikan was made the subject of no little comment by members of the party after their departure from that port was the automobile party over the "board walk" streets. The chief executive was informed that the city boasted 222 automobiles altho the total street and road mileage did not exceed ten.
Both President and Mrs. Harding before leaving Ketchikan personally commended Edward G. Morrissey, owner and publisher of the Ketchikan Chronicle, for his enterprise in putting out a special edition of his paper on the day on which the presidential party visited Ketchikan.

RAILROAD SHOPMEN GET NICE INCREASE

(By The Associated Press)
NEW YORK, July 16.—The 20,000 shopmen employed on the New York Central Railroad today were given an increase of three cents an hour by an agreement between the road and a committee headed by Bert M. Jewell, president of the railroad department of the American Federation of Labor, it was announced today.
The increase is retroactive to July 1 and makes the rate of mechanics 73 cents an hour.
Indirectly the increase affects 25,000 men employed on the Michigan Central and other lines leased by the New York Central with which agreements are to be made, it was stated.

HILL ELECTED TO FILL TYSON'S PLACE

MONTGOMERY, Alabama, July 16.—J. Lister Hill of Montgomery, was tonight declared the winner in the special election to fill the place of the late John R. Tyson as representative of the second Alabama district. Hill's majority, according to incomplete newspaper reports, will reach approximately 1,500.

WAGON LOAD OF NITRO EXPLODES

BRIDGEPORT, Ill., July 16.—A wagon loaded with nitroglycerine exploded on a bridge about one mile east of here this noon, tore the driver, Charles Townsend, to pieces and destroyed the bridge.
The force of the explosion demolished store windows in this city and, according to reports, was felt for several miles.

PENNIMAN NOMINATED HEAD PENN UNIVERSITY

PHILADELPHIA, July 16.—Pro- vost Josiah H. Penniman, was nominated for the presidency of the University of Pennsylvania today by the board of trustees.
The nomination is tantamount to election, but because the statutes of the University provide that election of officers must be made a month before their election final action will not be taken by the trustees until their next meeting in September.

Reparations Talk Resumed in London

(By The Associated Press)
LONDON, July 16.—Premier Baldwin in the house of commons today cleared up two interesting points, namely, that the British note to Germany will be communicated to Washington and that no recent communications over reparations had been exchanged between England and the United States.
The diplomatic talks were resumed in London today, Lord Curzon, secretary for foreign affairs, seeing both the Italian and French ambassadors. The premier has a plenitude of advisers in his delicate task of drafting a reply to Germany, the British Ambassadors to France, Germany, the United States and Japan being in London at present. The press teems with suggestions as to what the draft note will contain but the government maintains the utmost secrecy on this point, and it is exceedingly probable that such secrecy will be continued until the allied powers have had the opportunity of perusing the draft.
The close association of Reginald McKenna with Mr. Baldwin in preparing the draft, the two spent the week end together at Chequers Court—seems to indicate that a plan aiming at a joint settlement of reparations and inter-allied debts may have an important place in the discussions.

JUDGEMENT GAINED BY H. CLAY PIERCE REALLY IS SMALL

Paid Mostly in Bonds That are Practically Worthless

(By The Associated Press)
ST. LOUIS, Mo., July 16.—The National Bank of Commerce's obligation to H. Clay Pierce, New York capitalist, as found by a special Master J. Jamieson in a report submitted to the district court here last Friday will actually amount to \$3,918.31, the Mr. Pierce was given judgement to the amount of \$1,067,446. The Associated Press was informed today by officials of the bank.
According to the master's report it was pointed out by the bank officials the judgement was to be paid as follows:
\$750,000 in five percent bonds of the now defunct Tennessee Railway company and the rest in cash. In view of the fact that the bonds today are virtually worthless, the bank officials say and in view of a \$300,000 that had not yet been paid by Mr. Pierce, the bank's indebtedness to Mr. Pierce actually amounted to \$3,918.31.

The litigation was the outcome of a loan \$700,000 made by the bank on notes of the Tennessee Construction company secured by \$750,000 of Tennessee Central Railway bonds and \$250,000 of Nashville Terminal association bonds. Mr. Pierce was one of the guarantors for the payment of the interest. The bank sued by Mr. Pierce several years ago and obtained judgement for \$700,000 of which Mr. Pierce paid \$400,000, the bank officials said.

NEURITIS CONFINES GOV. SMALL TO BED

KANKAKEE, Ill., July 16.—Governor Small who arrived at his home here Saturday suffered a severe attack of neuritis of the face Saturday night which has confined him to his bed.
He had made plans to visit Camp Grant at Rockford today and tomorrow to inspect there and to visit Camp Custer, Mich., where a number of Illinois infantry is in training, but was compelled to cancel his engagements today and to ask Lieutenant Governor Sterling to act in his stead.

ITINERARY CHANGED BY HARDING'S PARTY

(By The Associated Press)
FAIRBANKS, Alaska, July 16.—Somehow fatigued by their hundred mile trip into the interior of Alaska and fearful of low water for their steamer in the Tana River, President and Mrs. Harding shortly before noon today called off their contemplated nine-day trip over the Richardson trail and instead will return directly to Seward from here, leaving this afternoon.

Anti-Saloon League Head Appeals Case

(By The Associated Press)
NEW YORK, July 16.—District Attorney Banton today flatly denied charges made today by William H. Anderson, state superintendent of the Anti-Saloon League of New York that the district attorney has promised to put Anderson out of business, declaring that such a step "would make me governor." Mr. Anderson who is now under grand jury charges of grand larceny, forgery and extortion appealed to Governor Smith for opportunity to submit his charges at a hearing conducted by the attorney or some other official.
Mr. Banton in denying the charges declared Mr. Anderson's duty to lay all the facts before the governor.
"The governor should remove me if it is true," he said. "But he won't. You can get Anderson under oath at any time."
Mr. Banton declared he had absolutely no objection to his governor and asserted that present indications were that he had enough of public office.

DEFENSE OPENS IN TRIAL FOR "JURY FIXING"

Terms Trial Attempt to Assassinate Character

(By The Associated Press)
WAUKEGAN, Ill., July 16.—Charges that the Lake county "jury fixing" trial is "a political conspiracy to assassinate Governor Small," were made the theme today of closing arguments by the defense. Attorney William Scott Stewart, representing Eddie Kaufman and Eddie Courtney charged with jury tampering in the Small trial, launched the argument for the defendants.
"There is a conspiracy in this case," Mr. Stewart declared. "And it is on the other side of the table and is designed to besmirch the name of the governor and blacken the character of all who would defend him."
The defense argument followed that of Sidney H. Block, assistant state's attorney and Thomas J. Simmes, assistant attorney general representing the prosecution, in which emphasis was thrown upon the fact that the state's charges never have been denied in evidence. Mr. Block spoke more than two hours this morning. Virtually the entire afternoon session was given over to the defense argument.
Additional Argument
Additional defense arguments and instructions to the court will occupy the opening session tomorrow. The case probably will go to the jury in the afternoon.
Mr. Stewart's argument was devoted largely to a scathing attack on State's Attorney A. V. Smith of Lake county who was characterized as "a catnap of Attorney General Brundage, to pull chestnuts out of the fire."
He characterized William J. Riley, Antioch saloonkeeper, and Thomas E. Somerville, baker from the same village, the chief witnesses for the state as "the town drunkard and the village fool."

Scores State's Attorney
State's Attorney Smith also was arraigned for his alleged attempt to trick the court, the counsel and the jury with an insane witness to support his case in bringing Somerville as a "surprise witness."
Mr. Stewart asked why the state did not inform the court that the witness had been confined in an insane asylum in 1920 when the fact did not come out in testimony.
State Representative William L. Pierce of Belvidere, representing Juror Fields, followed Attorney Stewart in argument. He attacked the character of Riley, making a strong plea that the defendants be not deprived of their liberty on the testimony of a "common criminal." Riley, he declared was in the "clutches" of Attorney Smith because of prohibition cases pending against him in court here and "had to come thru with the right kind of testimony here or go over the head himself for violation of the federal liquor statutes."

COURT OFFICER IN CHICAGO ARRESTED

(By The Associated Press)
CHICAGO, July 16.—Possible grand jury action against Jacob Goldman, whose activities as a receiver in the circuit court here has been under court investigation, was intimated by State's Attorney Robert E. Crowe, under whose orders Goldman today was arrested and held incommunicado.
The orders for Goldman's arrest came after a conference between Crowe and Judge H. Scanlan, under whose direction the investigation into Goldman's receivership has been held.
Assistant State's Attorney Roy Fairbanks, after conferring with Crowe, said the court would start hearings in the case tomorrow morning. While no technical charge has been referred against Goldman, Fairbanks said the grand jury investigation will proceed along the line that Goldman has embezzled considerable sums in the receivership proceedings.

EXTENDED TRIP IS TIRING MRS. HARDING

(By The Associated Press)
FAIRBANKS, Alaska, July 16.—Mrs. Warren G. Harding, wife of the president, has been so worn out by accepting hospitalities extended by Alaskans that she has been compelled to take to bed. Mr. Harding informed an audience here just before he and his party left for Seward, Alaska.

WIDOW OF GARIBALDI DIES TODAY, AGE 75

(By The Associated Press)
GAGLIARI, Italy, July 16.—Francesca Garibaldi, widow of Italy's great hero, is dead at the age of 75.
Francesca was a Piedmontese and went to Capri in 1867 as a nurse to Garibaldi's grandchildren. He married her after the annulment of his union with the Marchioness Raimondi.

SNOWDEN MOTION IS DEFEATED IN HOUSE

(By The Associated Press)
LONDON, July 16.—The motion on socialism introduced in the house of commons by Philip Snowden was defeated today 368 to 121. The only real result of the debate was the practical acceptance by the government of former Lloyd George's proposal to appoint a committee to investigate the present discontent.

SWOLLEN STREAMS MENACE SEVERAL COLORADO CITIES

Two Feet of Water Reported Rushing Thru Streets of Florence—Railroad Bridges are Washed Out and Traffic Halted—Other Towns Inundated—Caused by Cloudburst

(By The Associated Press)
PUEBLO, Colo., July 16.—The town of Florence, Colo., 28 miles west of Pueblo, is reported to be flooded with two feet of water rushing thru the streets.
Frank Stevens, a rancher, was killed by lightning on his ranch at Hard Scrabble Creek, near Florence, when he tried to rescue cattle caught in the flood waters.
The Denver & Rio Grande railroad bridge at Florence was taken away and the bridge over the Hard Scrabble Creek outside of Florence, was weakened to such an extent that it is unsafe. Western lines of the railroad are blocked.

Approximately two-thirds of the town was flooded with two feet of water which filled every basement and got into the first floors of the residences. In some places houses were moved from their foundations.
Four creeks pass thru Florence and each of the four was carrying more than its capacity of water. The flood waters came without any warning about five o'clock. Early tonight the water had passed leaving the flooded area covered with mud. The floods at Florence were caused by a cloudburst in the hills about five miles south of the town. There was practically no rain in Florence and the high water struck the town without warning. High water between Colorado Springs and Palmer Lake was caused by a cloudburst in the Cripple Creek region last night. The water rushed down Monument Creek reaching the railroad right-of-way this afternoon. A rain at Colorado Springs is reported to have been heavy tonight, but no reports of damage from that source have come in so far.

EDITOR JUDGED IN CONTEMPT OF COURT PARDONED

Governor of New Mexico Pardons Santa Fe Editor

(By The Associated Press)
SANTA FE, N. Mex., July 16.—Governor Hinkle late today signed pardon to Carl C. Magee, editor of the New Mexico State Tribune convicted on the charge of criminal libel of Justice F. W. Parker of the state supreme court and of contempt of the fourth judicial district court presided over by Judge D. L. Leahy.
In the libel action Magee had been sentenced by Judge Leahy, before whom he was tried, from one year to 18 months in the penitentiary. In Judge Leahy's court last week the editor was adjudged guilty of contempt on seven counts and sentenced to 360 days in jail. Fines amounting to \$4,050 were assessed against the Magee Publishing company, co-defendant for publishing and circulating editorials which the court held were in contempt.
Explains Action
Commenting on his action in issuing the pardons, Governor Hinkle said that the indictment on which Magee was tried for libel was obtained without the knowledge or consent of the party supposed to have been libeled, and that "trial was held in a district where neither Parker nor Magee lives," and that the bringing of Magee to trial seemed to be a conspiracy and more of a persecution than prosecution.
As the contempt cases Governor Hinkle declared that they also were "a persecution, the sentences harsh and beyond reason and the whole procedure a disgrace and a blot upon the name of New Mexico and the good people thereof."

INQUEST BEGUN IN DEATHS IN RECENT ALTON EXPLOSION

Most Witnesses of Accident Were Employees of the Company

(By The Associated Press)
ALTON, Ill., July 16.—A verdict of accident holding nobody responsible for the explosion at the East Alton plant of the Western Cartridge company, in which twelve employees were killed last Tuesday was returned by a coroner's jury late this evening following an inquest held by Coroner Mercler of Madison county.
ALTON, Ill., July 16.—The inquest into the death of 12 employees of the Western Cartridge company who were killed by an explosion at East Alton last Tuesday, was started here this evening by Deputy Coroner Streep of this city and was not expected to be completed until late tonight. Most witnesses were employees of the company who were expected to relate the details of the explosion which snuffed out the lives of seven girls and women and five men and injured eleven others seriously. Among those summoned as witnesses were several who were slightly injured in the explosion.

share of the credit for this showing must be given to Secretary of the Treasury Andrew Mellon, a great financier who handles government problems on a business basis, without regard to sentiment or politics.

It was disclosed recently that Chinese are paying \$2,000 each for being smuggled into the United States. Well, the government could afford to let a few thousand Chinese in, if we could only let out an equal number of agitators who have a constitutional aversion to useful occupation. This much may be said for the Chinese—they are industrious, law-abiding, thrifty, and honest.

There are a few Chinese brigands in China, but that class never comes to the United States. The Chinese who come here are not a menace to our government or to the public peace. We keep them out, and wisely so, because their standards of living make them a menace to the American laborer. But they are a million times more desirable as inhabitants than are some of the people we have freely admitted in recent years.

MOVIE HOPES AND PLAIN JOBS

That those who are fair can also be stupid is the tragic fact which strands thousands of movie-struck girls in Los Angeles and Hollywood. Because of a slight resemblance to some prominent screen actress or some little gift of imitation, they believe they have only to be granted a trial and fame and fortune are assured.

Studios, public officials and private organizations have a heavy task on their hands in placing these girls in jobs where they can successfully earn their own living. Many of them reach the movie capital practically penniless. They are too proud to go back home. Their high hopes and in jobs behind soda fountains or candy counters, or clerking in stores or serving as waitresses in restaurants.

The glamor of the movies is easy to understand. But parents and teachers should do all they can to make clear the fact that the successful actor—for the screen just as for the stage—must work hard and practice long before attaining stardom.

MAGNUS JOHNSON AND THE SENATE

Magnus Johnson, who seems to have been elected senator from Minnesota according to some of the papers of the state, started out to "holler" himself into the United States Senate. His campaign has brought to national attention a unique character. "Magnus" means "great," and that is surely true of Mr. Johnson's voice. Correspondents describe it as vocal thunder—and not a distant rumble, either, but a veritable bombardment of thunderbolts. It overwhelms opponents and sweeps audiences off their feet.

As a physical phenomenon alone it is interesting. Magnus started as a glass blower, and thus developed a naturally robust pair of lungs to their maximum capacity. There may be other voices as good, in our public life, or other lungs as good, but there can hardly be any such voice supported by such a pair of lungs. He "bellows like a bull," they say. His whisper might jar the water pitcher off the table. His shout might topple over chimneys. Magnus is a Swede, and a "dirt farmer." He is proud of being both. As for culture—pooh! "They say I can't speak English!" says he, with a strong accent. "What do you think about it? I can understand it well enough to vote right in the Senate, anyway. Magnus Johnson knows what is the matter. I got a pretty good farm. I got a mortgage on it. I got a big family and 24 cows. I married an American girl, and she understands me all right."

MATRIMONY

Burneister-Vieira.
Russell Burneister and Miss Violet Vieira were married Sunday afternoon at 2:30 o'clock at the Manse of Northminster Presbyterian church with the Rev. W. E. Spoons officiating. The young couple were attended by Mr. and Mrs. Walter Pate.

Mrs. Burneister is a child of Mrs. William Vieira and has for a number of months been a bookkeeper at Capps' factory. She plans to continue in her position for the future.

The bridegroom is a son of Mr. and Mrs. William Burneister and resides near Sinclair. He has attended Brown's Business college here and is a veteran of the World War. For the present he will remain on the farm to help with the harvest.

Both Mr. and Mrs. Burneister have a large number of friends who will wish them all happiness.

SMITH-GRAY

Marcus Elven Smith, of this city, and Miss Mayme Gray, of Winchester, were united in marriage at 7:30 o'clock Saturday evening at the parsonage of Brooklyn M. E. church with the Rev. G. W. Randle officiating. Mr. and Mrs. Russell Hail attended the young couple.

The bride is a daughter of Mr. and Mrs. James A. Gray of Winchester, and is well and favorably known there. Mr. Smith is a son of Mr. and Mrs. Larkin Smith and has made his home at 121 East Morton avenue. He was with the A. E. F. and was wounded. Since his return from war he has been employed by the Lukeman motor company.

The young couple have interesting plans for a honeymoon journey. They went immediately following the ceremony to the home of Grover C. Smith, in Chaplin, brother of the bridegroom. The two brothers and their wives will leave by motor for a trip to Yellowstone park. They plan to return home by way of Salt Lake City and Denver. On their return they will begin housekeeping in this city.

DR. WEIS TO RETIRE FROM ACTIVE PRACTICE

Well Known Manchester Physicians Has Seen Many Changes Since He Began the Study of Medicine

Manchester, Ill., July 17.—Dr. J. W. Weis, who has been actively engaged in the practice of medicine in this place is retiring on account of failing health. Dr. Weis has had an unusual experience as 55 years of his life has been devoted to study and caring for the sick.

This is a long time to live to say nothing of actively engaging in the labors of this exacting profession. It is about one and one-half times the average length of human life. Fifty-five years marks many changes.

When Dr. Weis began trained nurses were unknown and hospitals were rare. At that time the physician like the itinerant preacher made his rounds on as good a horse as he could afford with the old fashioned pill bags swung behind his saddle. The buggy replaced the saddle and the hand satchel the pill bags and the hand satchel has been succeeded by the small pocket case. The country doctor today sits in his office, gets a report on his patient by phone or speeds out to see him in his automobile.

In serious cases a trained nurse is called in with the doctor and she assumes part of the responsibility. Some of the old spirit of neighborliness has passed with the old time doctor and it is rare indeed to "set up with the sick."

Dr. Weis was born near Springfield, Mo., where he received such education as the times afforded. At the age of 18 he went to New York to engage in the study of medicine. He had never been much beyond the boundaries of the county in which he was born. The first 150 miles of this trip was made to Rolla, Mo., by stage. At this city he took passage on the first railway train he had ever seen to St. Louis thence to New York. The money he was to use in defraying his expenses amounting to \$1,800 was carried in a belt about his body as banking facilities were as crude as the living conditions of the people. Dr. Weis studied for two years in New York and later returned to Chicago where he was graduated with high credit after studying for a like period. It was during his student days in Chicago that the great fire occurred and he was a witness to the enormous loss and suffering it entailed. He began practice at Harvard, Ill., and was the victim of a fire which destroyed the excellent library he had acquired with his office equipment.

This seeming misfortune has been regarded by Dr. Weis as one of his good fortunes for he was compelled to rely on his own initiative in making a diagnosis and applying the necessary remedy to restore the health of those to whom he ministered, where before his dependence had been in his books.

On leaving Harvard he returned to Springfield, Mo., and later settled near Mattoon, Ill., where he resided before coming to Manchester.

During his residence in Manchester he has enjoyed a large and lucrative practice and a very large clientele will regret to see him give up his work.

For the last three years Dr. Weis has been in declining health. He has decided therefore not to attempt to longer meet the demands of active practice.

Dr. Weis has been an active member of the medical societies of the counties in which he lived, of the state and the American Medical society. He has done his part in bringing the medical profession to its present high standard.

As a citizen he has always been progressive and enthusiastic for those things which make for community betterment. To these he has contributed of his means and time as much as was possible. He has been a life long member of the Methodist church, serving on the official board of the church here and for a number of years taught an adult class in the Sunday school.

While much of his activity in the social life of the community may cease his interest will always be as strong as in the past for Manchester will continue to be his home. While his retirement from professional life will be regretted by a large circle of friends and patrons, these will wish him good health and the comfort of well earned rest.

PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days, of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg unmolested for one year?

To rid the pesky bedbug, you really see how necessary it is to use a preparation that will kill the eggs as well as the live ones.

P. D. Q. has been demonstrated by the leading Hospitals, Hotels and Railroad Companies that it is the most economical way to stop bedbugs.

Long's Pharmacy

Mrs. Norris Gives Facts in Strong Statement

"Tanlac is simply wonderful, and I just tell everybody about it," declared Mrs. Ida M. Norris, highly esteemed resident of 412 East St. Paul, St. Spring Valley, Ill.

"About two years ago I suffered a general physical and nervous breakdown and became so weak and worn out my housework was a burden to me. I had indigestion so bad I could scarcely eat anything and suffered continually from heartburn and gas on my stomach. I often had weak and dizzy spells when I could hardly stand up, and I was so nervous

many a night I hardly closed an eye.

"But Tanlac helped me steadily, and now I eat heartily, never have a touch of indigestion, and have gained nearly ten pounds in weight. My sleep has come back to me so that I feel better in every way than I have for years. Tanlac surely has been wonderful for me."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

SOLDIER BONUS CHECKS MAILED OUT SPEEDILY

State Auditor Russel Reports Last of First Batch, Now in Mails

Advices have reached Jacksonville from State Auditor Russel, that the last of the warrants of the first batch of soldier bonuses was completed Monday afternoon and the checks should all be mailed out by Wednesday.

So far, 30,750 have been completed which is all of the first batch and covers an amount of \$6,611,118. The highest number received from the registration board was 39,100, the difference between this number and the number issued being accounted for by the fact that in a great many cases there were errors that caused their return for correction.

The legislature allowed 10 assistants in getting out these vouchers, but State Auditor Russel, realizing that if only this small number worked, the veterans would be a long time in receiving their money, so since June 30, with the exception of July 4th he has turned his entire office over to the work. As a result there has been at all times 40 or 50 people working, and in addition they have handled one bank call which came in last week, causing a great many to work extra hours. On account of this extra effort the office of the auditor is now ready for the next batch and will be able to handle them almost as fast as received.

ARIZONA MINIMUM WAGE LAW BLOCKED

LOS ANGELES Cal., July 16.—Operation of the Arizona minimum wage law is blocked by a temporary injunction issued here today by Judge Erskine M. Ross of the United States circuit court and Judges Benjamin F. Bledsoe and William H. Sawelle of the federal district court. The case was that of A. Sardelle Nogales confectioner against the attorney general or Arizona and the county attorney of Santa Cruz county, Arizona.

The injunction restrains prosecution of Sardelle for alleged violation of the minimum wage law in paying women employees less than \$16 a week. Judge Ross said that the injunction was granted on the basis of the United States supreme court's decision holding unconstitutional the district of Columbia minimum wage law. Counsel for the Arizona authorities immediately asked permission to appeal the case, which was granted.

M'ADOO TO TESTIFY IN WILSON'S STEAD

WASHINGTON, July 16.—It was decided today that Woodrow Wilson would not be called to testify in the trial of Charles W. Morse and others charged with defrauding the government, but arrangements were made to call the former president's son-in-law William G. McAdoo, former secretary of the treasury to the witness stand either tomorrow or Wednesday.

Mr. McAdoo arrived here today. The decision not to have Mr. Wilson take the stand was reached at a conference between Wilson J. Lambert, associate counsel for the defense, and Rear Admiral Cary T. Grayson, Mr. Wilson's physician, at which Dr. Grayson expressed the opinion that the former president's physical condition made his appearance in court inadvisable.

ALLEGED BUMPER CO. ENJOYS MONOPOLY

(By The Associated Press)

NEW YORK, July 16.—Attorney General Haywood late today filed suit under the Sherman anti-trust act against the American Chain company, Inc., seeking to restrain it from alleged monopoly and restraint of trade in connection with the manufacture and sale of automobile bumpers.

Asserting that the American Chain company controls at present sixty percent of the automobile bumper industry and that it will control 100 percent if it wins certain patent litigation pending, seeks to restrain the company from endeavoring to fix wholesale prices to yield a minimum profit of not less than 10 percent for itself and the manufacturers.

Moreover the government alleges that the company with offices and place of business in Bridgeport, Conn., has been assisted in the conspiracy to restrain trade by certain companies which include L. P. Holliday company, Decatur, Ill., Dixie Products company, Waukegan, Ill., Allith Prouty company, Danville, Ill., Wolverine Bumper and Specialty company, Grand Rapids, Michigan and the New Era Spring and Specialty Co., Grand Rapids, Michigan.

INDEES WALLOP HARTSBURG 11-3

Bunting in Third Inning Puts Visitors up in Air—Kohloff Accepts 12 Chances at Second Base.

The Indees upset the Hartsburg Merchants' infield in the third inning of the game at South Side park Sunday with a bunting game and scored enough runs to win the contest. However, they added four more in the fourth and two in the sixth for good measure.
Hartsburg has a good ball team and but for going up in the air in the third and fourth would have held the Indees to a close score. They had a bunch of men who looked like they could hit the ball and some of them did land on it for long drives.

Fanning got better as the game progressed and kept the hits well scattered, never allowing more than two hits in an inning. Fanning also did a nifty bit of fielding when he pulled down Quisenberry's high bouncer in the seventh for the third out. He also displayed good judgment by the fifth when he saw Massinkoff's throw to the pan to head off Williams was late and intercepted the throw and relayed it to Kohloff and retired Dunham who had singled and was trying for second on the throw in.

The Indees did some excellent fielding. DeFrates started a fast double play in the sixth. Kohloff had twelve chances at second without an error and Wheeler stopped some wild ones at first. Clark gave Fanning good support behind the bat.

For the visitors Williams played a fine fielding game at third as did Dunham at first. Dunham also got a triple and single.
The visitors scored the first run in their half of the first on Dunham's triple and a fielder's choice. A double by Williams, and Dunham's single scored one in the fifth. The last run came in the ninth, when Ryan got a single by virtue of Newquest hurdling his drive and letting it go under his foot. He took third on a single by Kromenga and scored on a fielder's choice.

The Indees scored five runs in the third. Kohloff tripled and scored when Rademaker fumbled Jewell's relay. Henderson singled and took second when the ball got thru Jewell. Fanning was hit by a pitched ball. Both advanced on a passed ball. Massinkoff was safe when Dunham dropped Kromenga's toss of his grounder. Wheeler beat out a bunt and Henderson and Fanning scored. Massinkoff taking third. Wheeler went down on the first pitched ball. Clark bunted and Massinkoff and Wheeler both scored. Christopher doubled but DeFrates and Newquest struck out.
Kohloff started the fourth inning with a single, stole second going to third when M. Payne threw the ball into center field. Henderson singled, scoring Kohloff. Kromenga hit Fanning again. Massinkoff struck out. Wheeler sacrificed Henderson home and Massinkoff to third. Clark was hit by a pitched ball. Christopher singled and Clark scored.
Henderson walked in the sixth and was forced by Fanning. Fanning scored on Massinkoff's double. Massinkoff came home on Clark's double.

REPORTS FROM GRAND CIRCUIT RACE CARD

Periscope Driven by Dodge Wins 2:06 Trot—Margaret Dillon Taken Ill and Withdrawn.

Kalamazoo, Mich., July 16.—Periscope driven by John L. Dodge, won the 2:06 trot, first event on today's Grand Circuit race card. She had the contest well in hand at all times, Hollywood Hilda broke in the first heat and was distanced. After winning the first heat in the free-for-all pace, Margaret Dillon was taken ill and Murphy drew her. Hal Mahone, the child's mount took the next two heats and the race. The best time, 2:03 1-4 was slow for this event.
The 2:07 pace was a split heat affair. Gilded Lady II, came thru in the first heat and won by a nose in 2:04 from Buddy Mack. In the second and third heats Lambert Todd the Murphy horse won handily.
Tom Biggar, of Marshall, Michigan, upset the talent when he captured the first two heats of the 2:20 trot in 2:08 1-4 and 2:09 3-4 with Diamond Axworthy. The third heat was won by Well Worthing.
The crowd was the largest that ever attended the opening day of a local meeting.

PETERSBURG PIRATES DEFEAT LOCAL YANKS

Boxerman Is Knocked off Mound in First Inning—Fast Menard Nine Wins 9 to 5.

The Jacksonville Yankees were defeated Sunday at Petersburg by the fast-stepping Petersburg Pirates by the score of 9 to 5. Petersburg got to Boxerman in the first inning for three runs. Devlin took the mound in the second inning and pitched well until the seventh when Petersburg drove out five hits coupled with two walks, scored four runs. They scored another in the eighth making a four run lead which the Yankees were unable to overcome.
The Yankees will play the Naples Indees at Naples Sunday.

UNEXPECTED TURN IN HEAVY WEIGHT BOXING

Proposal Now to Stage Dempsey-Firpo Battle in Argentine About Nov. 1—Firpo Accepts.

New York, July 16.—(By the Associated Press)—The heavy-weight boxing outlook took an unexpected turn late today when Promoter Tex Rickard announced a definite proposal to stage a title match between Jack Dempsey, the champion, and Luis Angel Firpo, in the capital of the latter's native Argentine, Buenos Aires, about November 1.

Firpo, keenly anxious to fight for highest of fistic honors before his countrymen already has accepted Rickard's terms. Jack Kearns, the titleholder's manager, discussed details of the proposition with Rickard for an hour this afternoon and at the end of the conference told the promoter his answer would be ready by Wednesday.

Wants to Go Home
Rickard said his plan to take the fight out of this country, was prompted by two reasons—Firpo's desire to return to his

native country for the bout and enthusiastic reports from the promoter's agents as to the possibilities of financial success in the "Paris of South America."

Rickard received a cabled advice today from Juan Homs, a personal agent, saying that a fight between Firpo and either Dempsey or Harry Wills, negro contender, would draw more than two million pesos—about \$800,000—in the Argentine capital.

Details Not Revealed.
The exact nature of his offer to Kearns was not revealed but it was believed it embraced a percentage proposition that would assure the champion and his manager close to \$500,000.

Kearns, meanwhile, declared that although he would give Rickard's offer every consideration he was desirous of arranging if possible two matches for the champion in this country this year instead of going to South America. Kearns said he would prefer to have Dempsey meet Firpo around Labor Day, and then, if victorious, take on Wills, just before the world's series in October.

Dewey Gunsten spent Sunday with his parents in Springfield.

Market Report

By The Associated Press

STOCK MARKET HAS DULL SESSION

Day's total sales 570,000 shares.

Twenty industrials averaged 82.22; net loss 18.

High 1923—105.38; low 87.64.

Twenty railroads averaged 79.16; net loss .04.

High 1923—90.63; low 96.85.

Total bond sales (par value) \$5,979,000.

NEW YORK, July 16.—Total sales in today's stock market fell below 600,000 the lowest record of the year. Net changes of the most important stocks were limited to fractions.

After opening lower on a drive by professional traders who used Premier Poincare's war memorial address on Sunday as an excuse for short selling, the market came very nearly to a standstill.

Later sales saw a gradual recovery until at the close most of the leaders were at levels only slightly over than Saturday's final quotations.

Sugar company shares rallied moderately on a small advance in the price of the raw and refined product and a number of relatively minor stocks were consistently, if not slightly higher on the day.

Stewart-Warner after dropping more than two points in the first hour, gradually strengthened and closed 1/2 higher; DuPont also rallied a point after an early period of heaviness.

Corn Products, Crucible and Gulf States Steels, Lima Locomotive, General Electric and Northern Pacific were among the shares which declined 1 to 1 1/2 points on the day.

Time money held at 5 1/2 percent in a dull market and the commercial paper market also was quiet without change in rates. The foreign exchange market was lower, reflecting the direct influence of uncertainty over the European tangle.

High grade investment bonds continued firm.

United States government bonds eased slightly with the exception of the tax exempt 3 1/2 which improved 1-3/4 of a point.

BUTTER MARKET BECAME WEAK

CHICAGO, July 16.—Under pressure of a light demand, the butter market here today became weak and prices yielded a half to one cent but at the decline, while trading was still not active, more interest was displayed.

The condition of the market could probably be best described as unsettled with the price trend uncertain.

Foreign butter: 90 score 37; 91 score 36 1/2; 92 score 35 1/2; 93 score 34 1/2; 94 score 33 1/2; 95 score 32 1/2; 96 score 31 1/2; 97 score 30 1/2; 98 score 29 1/2; 99 score 28 1/2; 100 score 27 1/2.

SWIMMING POOL ATTRACTS MANY

The swimming pool at Nichols park proved an attractive spot Sunday for hot city dwellers. Several hundred persons took advantage of the pool, and it was filled with swimmers, divers and would-be swimmers all afternoon. A large crowd watched the water activities from beyond the high wire fence surrounding the pool. The sum of more than one hundred dollars was collected in fees from the bathers. A small fee is charged for the use of the showers and pool. Suits are rented to any who desire them, and a charge is made for the use of towels, which are kept at the bath house for the convenience of patrons.

FORMER RESIDENT DIES IN EAST

A message received yesterday by J. R. Mawson brought news of the death of his brother, George Mawson, of Vineland, N. J. The deceased, who was born in this county and lived here thru a great many years of his life. Mr. Mawson is well remembered by many older citizens, who will regret to know of his death. He is survived by three daughters, one resident in Vineland, and two in Canada. The relatives here expect to receive soon further facts about Mr. Mawson's death.

FEED WHEAT TO HOGS

The further drop in the wheat market yesterday gave further impetus to the movement for feeding wheat instead of corn. It is estimated that there is as much or more feeding value in two bushels of wheat than in three bushels of corn, so that at the present relative prices wheat is much the cheaper ration. The lack of foreign demand and the tremendous crop are given as among the reasons for the depressed price conditions.

CERTAIN FEDERAL TAX RETURNS DUE

Collector Schwaneke Calls Attention to Reports Which Must Be Filed Before Month Closes

To avoid penalty, returns and payment must be made on or before July 31, 1923, of the miscellaneous occupational taxes, the special tobacco manufacturers' tax and the special tax on the use of boats, provided for by the Revenue Act of 1921.

Capital stock tax returns also must be made on or before July 31, payment being required within 10 days after notice and demand by the collector.

The Revenue Act provides that "every domestic corporation shall pay annually a special excise tax with respect to carrying on or doing business, equivalent to \$1 for each \$1,000 of so much of the fair value of its capital stock for the preceding year, ending June 30 as is in excess of \$5,000. In estimating the value of capital stock the surplus and undivided profits shall be included. Every foreign corporation shall pay annually a special excise tax with respect to carrying on or doing business in the United States, equivalent to \$1 for each \$1,000 of the average amount of capital employed in the transaction of its business in the United States during the preceding year ending June 30."

Every domestic corporation must make a return on Form 707, even though the law may indicate that it is exempt from tax. The question of exemption is one for determination by the Commissioner of Internal Revenue.

A foreign corporation is "carrying on or doing business" in the United States if it maintains an agent, or an office or warehouse in the United States, or in any other way enters the United States for the purposes of its business.

Following are the miscellaneous occupational taxes: brokers, \$50; pawnbrokers, \$100; ship brokers, \$50; customhouse brokers, \$50. Proprietors of theaters, museums and concert halls where a charge for admission is made, having a seating capacity of not more than 250, shall pay a tax of \$50; having a seating capacity of more than 250 and not exceeding 500, \$100; having a seating capacity exceeding 500 and not exceeding 800, \$150; having a seating capacity of more than 800, \$200.

Circus proprietors are required to pay a tax of \$100; proprietors of other public exhibitions or shows, \$15; proprietors of bowling alleys and billiard rooms are required to pay \$10 for each alley or table; proprietors of shooting galleries, \$20; proprietors of riding academies, \$100.

Persons carrying on the business of operating or renting passenger automobiles for hire are required to pay \$10 for each such automobile having a seating capacity of more than two and not more than six, and \$2 for each automobile having a seating capacity of more than seven.

With respect to the special tax (due in July) imposed upon the use of yachts, pleasure boats, power boats, sailing boats, and motor boats, the Commissioner of Internal Revenue has ruled that a vessel must be both over five tons net and at least 33 feet in length to be subject to such tax. These boats are divided into three classes with respect to length and a separate tax is provided for each class as follows: over five net tons and over 32 feet in length, \$1 for each foot; over five tons, length over 50 feet and not over 100 feet, \$2 for each foot; over five tons, length over 100 feet, \$4 for each foot.

CAR HITS POLE

A car driven by a Bloomington resident collided with a telephone pole early Monday evening at the corner of East State and Johnson streets. The machine was badly damaged and had to be towed to a local garage. Fortunately no one in the car was injured. The driver stated that another car approached from in front on the wrong side of the road. In trying to avoid a collision with the oncoming auto he ran his own car against the pole.

WILL FILED

The will of M. K. Doolin was filed for probate in the office of County Clerk Riggs Monday afternoon. The will was made Nov. 12, 1921, with W. T. Wilson and E. P. Brockhouse as witnesses. John Joseph Doolin, son of the testatrix, was named executor to serve without bond.

MAIL THIEVES VISIT STATION AT CHAPIN

Three Sacks of Mail Are Taken From Depot Platform—Two Found in Box Car; One Missing—Federal Agents Work on Mystery.

Three sacks of mail which had been transferred from the Burlington to the Wabash at Chapin were stolen sometime Monday morning between midnight and daylight. Two of the pouches were later found in a box car split open. The other has not yet been located.

Two of the pouches were destined to Versailles but the destination of the third could not be ascertained. There are as yet no clues to the robbery but special agents of both the Burlington and Wabash are working on the case. It will be impossible to check the actual loss until the arrival of the post-office inspector.

WILL USE BATES ROAD AS HIGHWAY

When experimental work ceases on the Bates road within a week or ten days, the State Journal says plans will be laid to put the test road in shape and make it the connecting link in the highway connecting Jacksonville and Springfield. The Bates road, 13 miles southwest of Springfield, originally constructed by the state and government, has attracted hard road enthusiasts from all parts of the United States and the results probably will guide road construction for many years to come.

The test which began almost two years ago was halted during the winter months, only to be resumed this spring after some of the sections had been rebuilt. Reports show that the type of road now being built in the state has stood a test twice the legal limit in weight. Trucks have made thousands of trips over the sections and inspections have been made by hundreds of road builders from a large number of states of the union. A part of the Bates road will become a part of the highway leading from Jacksonville to Springfield. When the Bates test is completed a final report will be issued by the state division of highways.

The road between Jacksonville and Springfield is complete with the exception of the stretch at Bates and a gap near the Northwestern railroad bridge, west of this city. As soon as the Bates road is put in shape and the small gap laid, the road will be in readiness for use, but the department will not permit its use for 30 days afterward. It is the intention of the department to open the highway early this fall.

HARKER AND CRABTREE WILL GO TO PEORIA

Dr. J. R. Harker and Mayor E. E. Crabtree will spend today in Peoria where they will meet the executive committee of the bi-centennial conference and will pass finally on the reports of Dr. Harker.

While there they will meet the representatives of the other institutions who are to profit by the movement and will agree on a distribution of the funds. Dr. Harker is just back from Helena, Montana, where he attended a conference in his capacity as member of the Board of Education of the Methodist church. The object of the conference was to discuss a merger between a Presbyterian college in this state and a Methodist college.

Both sides were favorable toward the project but awaited the arrival of Dr. Hill, secretary of the Presbyterian Board of Education, who will state the opinion of that body.

RUBE NEWBERRY GETS \$400 FINE—JAILED

Men Caught Peddling Booze in Morgan County Given Stiff Sentence by Judge Samuel—Face Federal Warrant.

Rube Newberry, who was recently captured by Morgan county officers while attempting to deliver a load of liquor north of the city, was fined \$400 and sentenced to sixty days in the county jail in county court yesterday, after pleading guilty to a charge of transporting liquor. Marvin Merrill, who was a hired man on the Newberry farm near Virginia, and who was seen with Newberry in this county with a truck load of booze, was fined \$150 and costs. He also pleaded guilty to a charge of transporting liquor.

When Rube Newberry completes his sentence in Morgan county, he will be turned over to federal authorities in Springfield, where he is wanted on charges of operating a still in Cass county. Charles Newberry is already in the custody of federal officers at Springfield, where he is being held on similar charges. The still was found Saturday in a raid conducted by sheriff's forces of Morgan county under the direction of a United States deputy marshal.

In pronouncing the sentence yesterday morning, Judge Samuel gave Merrill a severe lecture, threatening that if he was caught in this county on such an errand again, he would get the court with the aid of a cane. He has had a severe attack of rheumatism, and after receiving his sentence, asked that he might be transferred to the Cass county jail, so as to be near his physician. He was told that this matter would be taken up immediately. It is probable that the transfer will be made.

Judge Samuel told Newberry that he was making an outlaw of his 13-year old son, who was with him last Friday night when he was arrested. Newberry admitted that he and his brother had been in the liquor business for two years. He said he had never sold to drunks or to minors, but that the public had always come to him for the liquor.

TO DISCUSS UNIFORM TRAFFIC RULES

Mayor E. E. Crabtree is strongly in sympathy with the plan to bring about uniform traffic rules in the various cities of Illinois. He will attend a meeting of mayors and associations of commerce representatives to be held in Bloomington tomorrow, to discuss this live subject. The Bloomington Postgraph tells of the purposes of the gathering.

The chief purpose will be to decide upon a uniform system of parking for all cities in the state. The conference was suggested by the Bloomington Association of Commerce when the city council took up for discussion an ordinance prohibiting parking around the court house square between 2 p. m. and 10 p. m. Saturdays. Action on the ordinance was deferred when the Association of Commerce started communicating with other cities with a view to holding the conference here.

Parking Hurts Trade.

Complaint has been made by merchants that farmers and other customers are prevented from driving up in front of stores because of the cars of professional and business men which are often left parked all day. The question of limiting the time of parking will be brought up at the conference.

AGED RESIDENT OF CITY DIES SUNDAY

Mrs. Elizabeth Howard Passes Away at Home on North Church Street—Funeral to be Held Today.

The death of Mrs. Mary Elizabeth Howard occurred Sunday evening at 8:30 o'clock at her home, 871 North Church street.

Deceased was born in Jacksonville December 14th, 1839, in a house that then stood where the Grand opera house is now located and when Jacksonville was only a mere village. She was the daughter of Mr. and Mrs. Smiley Henderson and is a sister of the venerable Esquire Amos Henderson who was born at the same place.

On July 4, 1858, she was united in marriage to the late Charles H. Howard who was for a long time a member of the contracting firm of Howard & Thompson. She is survived by the following children: Mrs. E. N. Butcher, Miss Belle Howard, and Miss Anna M. Howard all of Jacksonville; Fred L. Howard, of St. Joseph, Missouri; Ralph W. Howard, Washington, D. C., and a step-son F. H. Howard. Her brother Amos Henderson also survives. She was a member of Grace M. E. church for many years.

Funeral services will be held this morning at 10 o'clock at the residence in charge of the Reverend F. M. Rule, and the remains will be interred in Jacksonville cemetery.

BUILDS NEW HOUSE

John Halligan is having a new house built on his farm near Strawn's crossing. Little holds the building contract and Doyle Brothers, of this city the plumbing. The new house will be quite pretentious and will add greatly to the value of the farm.

OUTING AT KAMPSVILLE

Mr. and Mrs. C. R. Short and daughters, Florence and Lucille, Miss Babe Brennen, Miss Emma Wells, and J. A. Lettze spent the day Sunday at Kampsville fishing, swimming and bathing and report a very pleasant time.

R. R. Long of Arenzville was a business visitor in Jacksonville yesterday.

CHAPIN

Chapin, July 16.—Clem Stevens was badly cut Monday afternoon while helping to cut oats for Monte Funk. Mr. Stevens was standing in front of the machine when the horses started, receiving a bad cut above the heel. He was taken to the office of Dr. Fountain who dressed the wound. It was not determined just how serious the cut might prove to be.

Mr. and Mrs. Grover Smith left Sunday morning for Yellowstone National Park for a three weeks' vacation trip. The journey is being made in a Ford touring car equipped for camping.

Rev. F. M. Crabtree was called to Old Berlin Sunday to preach a funeral service.

Among those who took the ex-amination Saturday for the position as mail carrier on Route 1, were: Frank Calloway, Earle Smith, Chester Williams and Herbert Owens.

Mr. and Mrs. L. H. Calloway and daughter, Miss Nellie, their guest, Mrs. Lida Bushart of Decatur, visited relatives at Riggs-ton Sunday.

Mr. and Mrs. Edgar Watkins of Petersburg motored over Monday evening and were guests of Mr. and Mrs. Harry Oaken.

Mr. and Mrs. Lolis Nienhuuser visited in Jacksonville Sunday.

DANCE PETITION IS SUBMITTED TO MAYOR

A petition containing about 800 names, requesting that no dances be held at Nichols Park during the coming Chautauqua has been presented to Mayor E. E. Crabtree by officers of the Morgan County Sunday School Association.

Mayor Crabtree has acknowledged receipt of the petition in a letter addressed to Clar. Depeew, secretary of the Morgan County Sunday School Association, and the petition will be immediately turned over to the park board for consideration and action. The text of the petition follows:

"We, the undersigned residents of Morgan County, who are deeply interested in the moral, religious and educational welfare of the community, respectfully ask the privilege of the use of Nichols Park, during the ten days of the Chautauqua, August 17th to 26th, inclusive, without the public dance being run on the same date."
